TODAY'S EXOTIC FOOD FOR THOUGHT

When you hear any hypocritical exotic animal \$anctuary, \$camtuary, \$cumtuary say:

"Our goal is to put ourselves out of business"

What it really means is:

- They are admitting they are in profitable tax free BUSINESS\$\$
- They refuse to quit
- They keep hoarding more exotic pets for which they want donors to pay
- Or else WHY would they stay in this profitable exotic animal business \$\$\$ defrauding and scamming naïve, well meaning animal lovers donors out of their hard earned money???
